

I love to enter Sun Devil Master's meets. Why? Because Katy uses Club Assistant. I can point, click and be done entering within minutes of seeing the meet flyer. I don't have to download an entry form, look up my times and then try to print neatly enough for people to read it. Now Katy James has ensured that all our clubs and events can be entered on line (paper is still accepted) through a site called Club Assistant.

According to Katy at the last Sun Devil meet, for example of how many prefer to enter and pay online, out of almost 250 entries to the Ron Jon meet; only 5 were paper and came through the mail. We are looking forward to working with more meets and open water swims in AZ LMSC. Paper entry will always be available. The convenience of going online, making your choices and paying with a credit card is soooooo much easier than printing your entry form, filling it out, writing a check, addressing an envelope, buying a stamp and dropping into the mailbox

According to the Club Assistant website, [Club Assistant](#) provides "online swim meet entry software" also referred to as "online swim meet registration software" and "Online Meet Entry (OME)". Club Assistant is the world leader in Masters and other adult swim competition registration software. We process more Masters Swim meet and open water event registrations than all other registration companies combined. We are the market leader because of our streamlined registration interface, our great integration with governing bodies, our industry-low rates, and our industry-leading customer service.

We support all Masters Swim competition types including the following:

Swim Meets

Open Water Events

Postal Events

Virtual Swim Meets

Swim Clinics

Senior Olympics / Senior Games

National Championships

International Championships

Club Assistant has hundreds of contracts providing swim meet registration, open water event registration, postal event registration, Coaches Certification courses and clinics.

Club Assistant provides an easy-to-set-up, easy-to-register and easy-to-reconcile online swim meet registration process.
